Q: How do I create a single click onclicklistener in all my ListView items? I have a list of courses using the lists library, and I want to make a single click listener for all of the items so that the second click on any item in the list will make another activity opened. I tried following tutorial but it doesn't seem to work: Here is my code: public class Gen\_semester extends AppCompatActivity { int i; String json\_data = ""; ListView listView1; ListView listView2; ListView listView3; @Override protected void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.gen\_semester); Bundle bundle = getIntent().getExtras(); i = bundle.getInt("gen\_semester\_selection\_i", 0); json\_data = bundle.getString("gen\_semester\_selection\_json"); parseJson(json\_data); listView1 = findViewById(R.id.listView1); listView2 = findViewById(R.id.listView2); listView3 = findViewById(R.id.listView3); ArrayList arrayList = new ArrayList(); listView1.setOnItemClickListener(new AdapterView.OnItemClickListener() { @Override public void onItemClick(AdapterView parent, View view, int position, long id) { String val = arrayList.get
